

# Take the 100+MPG Challenge!

Enter for a chance to win a Plug-in Prius Conversion!

Saturday, August 22nd  
10am - 4pm

345 106th Ave NE, Bellevue, WA 98004  
GreenCarCo.com | (425) 820 - 4549

Why wait years for Toyota's version?  
It will offer half the range and cost much more!  
We have Plug-in Hybrids available *Today!*  
*They're here and ready to go!*

Come by the Green Car Company and  
*test drive a Plug-in Hybrid!*

- We'll have Hymotion™ Plug-in Hybrids for test drives! Please RSVP. Test drives will be on a first come, first serve basis.
- A123Systems Hymotion representatives will be on hand to answer any questions you may have about the Plug-in Hybrid technology.
- Refreshments and food will be served

*Test drivers who average 100+MPG will be entered into a drawing for a Plug-in Prius conversion & an Ultra Motor Electric Bike!*

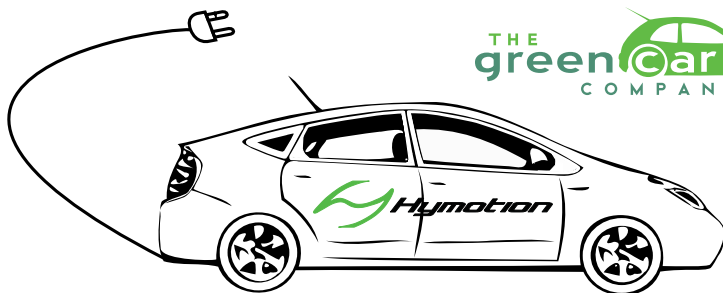

**Have a Prius already?**

We can convert any 2004-2009 Toyota Prius!

## Hymotion's L5 Plug-in Conversion Modules are proven technology.

- **It's Effective** - Up to 100+MPG for an electrically assisted range of 30-40 miles
- **It's Versatile** - Our Plug-in Hybrid offers you an ultra-efficient hybrid for your commuting, and when you want to go on a long trip, it simply reverts to standard Hybrid mode!
- **It's Durable** - Fully crash tested to Federal Motor Vehicle Safety Standards.
- **Warranty** - 3 year A123Systems Hymotion manufacturers warranty. *Doesn't void Toyota's Warranty!*
- **It Won't Leave You Stranded!** - Once the Hymotion L5 is depleted, the Plug-in Hybrid reverts to the standard Prius hybrid mode...simply charge at the next available location.
- Federal tax credits available for 10% of the cost of converting!

## Hymotion L5 PCM Specs:

- Plugs into any standard 120v outlet
- 5.5 hr recharge time
- ~5kWh battery pack
- Meets NHTSA/FMVSS safety standards
- Uses A123Systems' patented Nanophosphate™ lithium ion batteries and sophisticated battery management safety systems

The Green Car Company is an A123Systems' Certified Hymotion Installer Partner
